

# Scientists in the Cosmos – SIC

In affiliation with Nuclei in the Cosmos – IX  
CERN, Geneva, June 25-30, 2006

## JOB OFFER

- Position :** tenure track; full professor at Guanajuato state university
- Main fields of interest :** Extragalactic Astronomy
- Institution :** Department of Astronomy, Institute of Physics, University of Guanajuato (Mexico)
- Duration of contract :** 1 year; permanency can be achieved after 2 years
- Starting from...** September 2006 or later
- Bursary/ salary:** 20000 - 30000 MEXpesos/month (~1700-2500 €/month)
- Qualification :** should have a doctoral degree in physics or related fields; preferably several years of postdoctoral research and teaching
- Contact:** Heinz Andernach
- Email:** heinz@astro.ugto.mx  
+52 473 732 9548 or 732 9607

**Comments :** The position will be announced in forthcoming issues of the AAS Job Register (<https://members.aas.org>) where the deadline (not before Sept 1, 2006) for application will be stated. Interested candidates should first contact us before submitting their entire application documents.

### Job description:

We seek a researcher/lecturer

in our lines of research "Observational Cosmology" or "Formation and Evolution of Galaxies" (see <http://www.astro.ugto.mx>). Interest in instrumentation or theory will be an asset, and other areas of astronomical research will be considered in exceptional cases. Responsibilities include teaching at both undergraduate and graduate level, research, participation in public outreach, and administration.

Candidates should show evidence of outstanding accomplishments in research, have a demonstrated capacity in teaching and interest in supervision of theses, the potential to motivate students and develop significant research programs with them, and the willingness to work as a team member in a small group. The candidate will teach graduate courses (English or Spanish) and undergraduate ones (Spanish).
